OFFICER'S STATEMENT OF PROBABLE CAUSE
(Include all elements: Who/What/When/Where/How)

On 05/13/2020 at approximately 1421 hours, Detective Quinn and I were patrolling as a two man unit in an unmarked police vehicle when I observed a traffic violation on a white in color BMW bearing Arizona veteran's license plate 7R34D. The vehicle I observed did not come to a complete stop at the stop sign located at the intersection of Coronado Drive and Las Brisas Way. A traffic stop was then conducted on the vehicle in the area of Martin Luther King Jr Parkway and Jean Randle Drive. I then made contact with the vehicle.

Upon contact, the driver was identified by his Arizona driver's license as being William Beil. It should be noted that William was the only occupant of the vehicle. William was unable to provide his registration for his vehicle as he could not find it. William was asked to step out of the vehicle and stood by his vehicle while I spoke to him off the side of the road. While speaking with William, Detective Quinn was completing a written warning for the stop sign violation. While still in the process of completing the written warning, Corporal Allyn arrived with his canine unit. Corporal Allyn's canine conducted a free air sniff of the vehicle while I stood by speaking with William. William advised me that he had a valid medical marijuana card and stated it was in his wallet in the vehicle. I was advised by Corporal Allyn that his canine partner had alerted to the vehicle. It should further be noted that William had a "vape" style pen in his front shirt pocket which he stated was a THC or marijuana pen. It was later confirmed that William had a valid Medical Marijuana Card.

A subsequent search of the vehicle noted no contraband found. While gathering my phone to photograph the vehicle, I was informed by Detective Quinn that William had consented to a search of his person and a baggie having a white crystalline substance was located in his front shirt pocket by Detective Quinn. It should be noted that this is the same pocket the "vape" style pen was located in. William was then placed under arrest for possession of dangerous drugs.

While at the station the baggie having white crystalline substance was weighed having a field gross weight (FGW) of 5.00 grams and showed a positive field test for methamphetamines. During a post Miranda interview, William admitted to buying the methamphetamine from across the Mexico/Nogales border approximately two months prior. William also mentioned having an addiction to methamphetamine and seeking help through the Veteran's Affairs (VA) clinic. He also stated he was not selling methamphetamine. It was noted that William is currently on probation and the new charges are in violation of his terms and conditions of probation.
